Lose Your Keys. For Good.™

T1L Lock™
Key Free Touchscreen Deadbolt

B1L Lock™
Key Free Push Button Deadbolt

It means one less thing to carry around.
It means no locksmiths or rekeying costs.
It means no pick and bump break-ins.
It's time to face it, keys are overrated.

Available with

T1L | B1L Locks

Weather Protected

Rubber gasket increases protection against outdoor environments.

Backlit Keypad

Keypads wake with a touch and have numbers that won't wear off.

Motorized Deadbolt

Fully motorized, tapered deadbolt accommodates for misaligned doors.

Key Free

No cylinder means no lost keys and no pick and bump break-ins.

Battery Back-Up

Never lose power, the lock can be energized with a 9V battery.

Works With Your Smart Home*

Seamlessly integrates into most Z-Wave alarm and home automation systems.

- Enrolls with the push of a button
- Monitor, lock and unlock from anywhere
- Create up to 100 PIN codes to share
- View access history of who has entered your home
- Receive notifications

*Features may vary based on integration system.

Lose Your Keys. For Good.™

Upgrade Your Lock

Replace your existing deadbolt in a matter of minutes with just a screwdriver. The locks fit standard doors and don't require any new screw holes or hard-wiring.

Manage Access

Create up to 25 unique PIN codes to share with family and friends, or permanently delete PIN codes if you need to. 100 PIN codes with Z-Wave versions.

Secure Your Entire Home

Ideal for securing your entire home. Use it on your front entryway door, back and side doors, garage entry doors and more. Create unique PIN codes for each lock or one master code.
